

*St. Hugo's Church,  
Burullapitiya,  
Minuwangoda  
Sri Lanka.*

### ***Renovation work has commenced in 2020.***

*Majestic Church Building constructed & completed in 1928 which is now 92 years old.*

*The floor which is 8000 sq. feet is to be **replaced** with floor tiles.*

**Estimated cost per sq. feet is Rs.800/=**

**Total estimated cost of Rs.64 00 000/=** is a bit difficult to achieve as our present church community is only 545 families which is a mixture of middle class & below.

*We wish to reach all our beloved parishioners in diaspora to join us with your valuable contributions in making this a reality.*
